

The operating system for healthcare affordability

We reduce financial barriers for patients to afford care while removing complexity and friction for providers to get paid.

The most automated, patient-friendly solution

- Designed for patients who require **extended payment options**
- No interest or fees, ever, with both **pre-care and post-service** options
- Terms are **personalized** to patient's ability to pay, up to 60 months
- **100% of patients can enroll** into an affordable solution, regardless of creditworthiness
- Fast and easy digital enrollment and **world-class patient experience**
